The second wave of COVID-19 has hit India hard and currently the whole country is reeling under this unprecedented pandemic. BSNL employees being no exception to this situation are also facing the wrath while serving their duties to maintain the essential telecom service. Hitherto there are more than thousands of employees infected by the deadly virus where as more than hundreds of employees (four in WBTC & ETR till date, details given below) have succumbed to death.

It is imperative to say that the losses to the bereaved families are irreversible both emotionally and financially. In such grave situation, it is our duty to stand by these families and from that conviction, I request you and your good office to take initiative to extend all

possible support by offering appointment in Compassionate Ground to the dependent of the deceased families at the earliest. I strongly pray to the god that the above list does not get lengthier, but even if so, such cases as and when will arise, must also be considered in the same line. In this regard, the abeyance in CGA vide referenece 4 above, also should be revoked and necessary receommendation to the Corporate Office is solicited from your end.

I also request you to advocate to the Corporate Office such appointment directly on CGA ground for family members of the deceased employess due to COVID-19 without considering the weightage point as done in the case of death dueto accident while performing duty, vide reference 3 above.

In anticipation of your sympathetic consideration of this matter,

With regards,

TAPAS GHOSH
Circle Secretary
