D.O. No. CMD/BSNL/2019-1255
February 28TH, 2019

Dear Shri De,

You would appreciate that BSNL, a hundred percent owned Government of India Enterprise is providing bouquet of telecom services throughout India to all Central and State Government departments including security agencies.

At present, BSNL is facing financial stress due to present hyper competitive telecom scenario and there is a slight delay in paying electricity charges to state electricity board. Due to this delay, State Electricity Board is resorting to disconnection of electricity connection at various key installations providing telecom connectivity to security agencies and many important government agencies thus hampering the telecom services to the nation indirectly.

It is, therefore, requested that suitable instructions may kindly be issued to the concerned state electricity board, keeping in mind the larger interest and security of the nation at this crucial point when there is tension with neighbouring country and also ensuing General Elections in the country. I assure you that all dues of electricity payment will be released sooner or later in usual manner being a Central Government PSU.

In view of the above, I once again request you to kindly issue necessary directions to state electricity board of your state not to resort to unpleasant action of disconnection of electricity at vital telecom installations of BSNL across the state.

With regards,

Yours sincerely,

(Anupam Shrivastava)

IAS, Chief Secretary,
